Look & See Webcam

Brief description of Look & See Webcam and what it is

Creative Child Learning Center provides as a service the Look & See Webcam system, which invites a parent or family member with internet access (using a web browser like Netscape or Microsoft Internet Explorer) into their child's classroom where they can be a part of all the wonderful things that happen on a daily basis. At last, you can ask your child about specific events in their day, as opposed to the question, "What did you do today?" There is a monthly fee for this service. More detailed information on the service is available from your director.

Acknowledgement of operation of Look & See Webcam

I acknowledge that Creative Child Learning Center provide parents with internet access to images of their children while at the Center, and that my child's room is included in this agreement.
